**DECLARATION OF
JOHN C. ALTMILLER**

I, the undersigned, John C. Altmiller, make this declaration in support of the Renewed Petition for Revival of an Application for Patent Abandoned Unintentionally Under 37 CFR § 1.137(b) for the above identified application.

1. Since about August 2007, I have been retired from the active practice of patent law. My current home address is 1908 Ballycor Drive, Vienna, VA 22182.
2. From about 1986 to July 31, 2007, I served as a partner of Kenyon & Kenyon LLC ("Kenyon") in Kenyon's Washington, DC offices. Prior to that time, I worked in Kenyon's New York office.
3. During my employment and tenure as a partner at Kenyon, I had numerous responsibilities, including prosecuting patent applications for Toyota Jidosha Kabushiki Kaisha ("Toyota"), the assignee of U.S. Patent Application Serial No. 08/750,641 ("641").
4. To my recollection, from at least 1995 to about July 2007, I was docketed as a supervising attorney/partner for many patent applications for Toyota. During this time I supervised several associates who assisted me with Toyota prosecution matters, including, Sterlon Mason, Mark H. Neblett, and William E. Curry.

5. It is my understanding that a Continuing Prosecution Application ("CPA") for '641 was filed with the USPTO on March 15, 2000.

6. It is my understanding that a Preliminary Amendment for '641 was filed with the USPTO on March 29, 2000.

7. It is my understanding that a Notice of Allowance and an Issue Fee Transmittal form for '641 was mailed to a prior address of Kenyon's Washington, DC office on April 17, 2000.

8. It is my understanding that an "Issue Fee Transmittal" form is present in the USPTO's file wrapper for '641 and that this form remains blank (uncompleted). The form is stamped "MATCH & RETURN" and further stamped "RECEIVED APR 27 2000 TC 3600 MAIL ROOM."

9. Based on the above information, as well as my recollection regarding the prosecution of Toyota cases, it is my conclusion that the Notice of Allowance for '641 was not received by Kenyon & Kenyon, but rather, was returned to the USPTO as undeliverable.

10. I did not know of the Notice of Allowance for '641 until contacted in 2008 by Shawn O'Dowd, who is currently a partner at Kenyon.

11. It is my understanding that a Notice of Abandonment was mailed to a prior address of Kenyon's Washington, DC office on September 13, 2000.

12. Based on the above information, as well as my recollection regarding the prosecution of Toyota cases, it is my conclusion that the Notice of Abandonment for '641 was not received by Kenyon & Kenyon.

13. I did not know of the Notice of Abandonment for '641 until contacted in 2008 by Shawn W. O'Dowd.

14. According to a document in Kenyon's paper files, I signed a change of correspondence address form for '641 on October 2, 2000, and that this form was stamped as received by the USPTO on October 3, 2000. I have no specific recollection relating to the signing or filing of this document. This document is attached as Exhibit 1 to this declaration.

15. Based on the above information, as well as my recollection regarding the prosecution of Toyota cases, it is my conclusion that the form was prepared for my signature by Cathy Ryan, a patent secretary at Kenyon who was then tasked with the responsibility of changing addresses for many of the cases then prosecuted by Kenyon. I have no specific recollection relating to this form.

16. According to documents in Kenyon's paper files, two other Kenyon attorneys filed documents with the USPTO relating to the correspondence address and power of attorney for the '641 application. These documents, as well as a communication relating to the filing of the documents, are attached as Exhibit 2 to this declaration. I have no specific recollection relating to these documents or the communication.

17. It is my understanding that the USPTO's paper file for '641 was officially "reported lost in USPTO" on November 27, 2000 ("11/27th [sic]"). Memoranda from Cathy Ryan, dated "1/12/00 [sic]" documenting this November 27th date is attached as Exhibit 3 to this declaration.

18. It is my understanding that I signed a "POWER TO INSPECT AND MAKE COPIES" of the '641 file on February 7, 2001. I have no specific recollection relating to the signing or filing of this document. This document is attached as Exhibit 4 to this declaration.

19. It is my understanding that Mark H. Neblett filed a File Reconstruction request which was stamped as received by "Licensing & Review" on March 23, 2001. This document is attached as Exhibit 5 to this declaration.

20. Based on the above information, as well as my recollection regarding the prosecution of Toyota cases, it is my conclusion that the USPTO informed us that the file for '641 had been lost, that we filed a request for reconstruction of the '641 file, and then awaited a USPTO response.

21. It is my understanding that an electronic docket entry entitled "PTO lost file-awaiting OA" was entered into Kenyon's electronic docketing system on July 15, 2002." Evidence of the docket entry is attached as Exhibit 6 to this declaration.

22. It is my understanding that I signed a document entitled "STATUS INQUIRY" on September 8, 2003. I have no specific recollection relating to the signing or filing of this document. The document "respectfully request[s] that the Examiner inform Applicants of the status of ['641]." The paper further indicates that "The U.S. Patent and Trademark Office notified Applicants that the subject file had been lost and, accordingly, Applicants filed a copy of the relevant documents forming the file history in a File Reconstruction on March 23, 2001." The paper also authorized the Commissioner to "charge any fee relevant to this filing to Kenyon & Kenyon Deposit Account No. 11-0600." The paper has Kenyon & Kenyon's 1500 K Street, N.W. address at the bottom of the page. This document is attached as Exhibit 7 to this declaration.

23. Based on the above information, as well as my recollection regarding the prosecution of Toyota cases, it is my conclusion that a review of my pending cases, which revealed the "PTO lost file" entry, prompted the filing of the Status Inquiry of September 8, 2003.

24. During my employment at Kenyon, neither the USPTO nor anyone at Kenyon advised me that '641 had been abandoned.

25. During my employment at Kenyon, neither the client nor anyone at Kenyon requested me to allow '641 to become abandoned.

26. After leaving my employment at Kenyon, I have not been involved in prosecution of, or been provided information regarding '641, until being recently advised of the present Petition.

I declare that all of the above statements made based on my own knowledge are true and that all of the above statements that were made on information and belief are believed to be true, and further declare that these statements are made with the knowledge that knowing, willful and materially false statements, as are defined under Section 1001 of Title 18 of the United States Code, are punishable by fine, imprisonment, or both under Section 1001, and that such statements may affect the validity of the any patent issuing from '641 if the application is revived.
